

FACEBOOK AND INSTAGRAM POLICY

Rationale

Our intent is to grow our school and community's understanding of social media and to make connecting with our school more convenient. We wish our content to be more accessible and to also tap into the knowledge and support base of our parent community. Our school's Facebook and Instagram page allows our community to keep up to date with activities through a range of different medium. Our Facebook and Instagram page is a place where school events and achievements can be shared across our community to build a positive school climate. We ask that our community accentuate the positives and bring to everyone's attention the little things that make our school community great.

Aim

To provide clear understanding around the safe and ethical use of the Malvern Central School Official Facebook and Instagram pages.

Using Real Account Names

All users interacting with the Malvern Central School Facebook and Instagram page, by either liking or commenting on posts must do so using a Facebook or Instagram account that clearly identifies them by their real name.

When Can I Use Names In Posts

You can use first names in posts when you wish to acknowledge someone's great work or community contribution. We wish our Facebook or Instagram page to be used to build spirit; patting someone on the back publicly goes a long way to building respectful and positive relationships. Malvern Central School is happy to see people support a post via a Facebook or Instagram comment or a 'like'. We will however not support interactions that incite or fuel negative sentiments or brings the school into disrepute.

Underage Facebook Users

Malvern Central School does not endorse children under the 13 year old threshold imposed by Facebook and Instagram to create their own account. We encourage children to be under parental supervision to view our school's Facebook and Instagram page and contribute to content. We believe our community's conduct on these pages will serve as role modelling for our students as to how to behave in a social media space.

Friending Staff on Facebook and Instagram

The staff at MCS operate under a code of conduct that states that they are to maintain a professional relationship with students and parents and refrain from social media interaction. Please do not seek to Facebook and Instagram 'friend' our staff.
